Tribal – Cannara's House of Genetics

Dried Flower and Pre-rolls

At Tribal, we believe the journey to be as important as the destination. This core belief is what drives us to apply care and attention to every step involved in cultivating our cannabis. From pheno-hunting and top-shelf genetics selection to developing innovative harvesting techniques, our commitment to this is illustrated by our meticulous cultivation techniques: indoor cultivation, hand-trim, slow-drying and hanging flowers.

Live Resin Concentrates

High-purity, full-flavoured extracts.

Tribal's concentrates are derived from our fresh-frozen genetics, grown indoors and extracted using a BHO cryogenic process to preserve the flower's profile, offering one of the highest levels of purity by preferentially extracting cannabinoids, terpenes and flavonoids.

LIVE RESIN

Trifecta Infused Pre-rolls

Introducing Canada's most premium infused pre-roll—the Tribal Trifecta, triple infused with strain-specific live resin, terp sauce, then covered in THC-A diamonds for unparalleled flavour and potency.

Available in 3 x 0.6g format in a reusable tin, each Trifecta features a ceramic tip to ensure a smooth draw until the final pull.

The word "nugz" is written in a highly stylized, bubbly font. The letters are filled with a vibrant rainbow gradient, transitioning from light blue at the top to yellow at the bottom. Each letter has a thick, black drop shadow and is outlined with a bright pink border. Small white starburst effects are placed on the top and bottom curves of the letters to add a sparkling effect.
